

Thursday Night extra stay option

'We can offer the Thursday night at £25-00 per unit in a caravan and £30-00 per unit in a Lodge.

However we will need to know the people who wish to do this and will need a definite yes or no asap so I can hold these units as the Park is partially open the Monday to the Friday, the lounge bar will be open on restricted times and the pool will be available there will be no entertainment though'

I then went on to ask about minimum occupation and received the following

'We don't have a specific minimum occupancy for the Thursday night, I would maybe suggest a minimum of 2 people just so people aren't own their own on site, If they are on their own, we would require a next of kin contact in case of emergency'.

So quite simply £30-00 is what you will pay whether there is just one or six people.

The accommodation which is booked needs to match your Booking for the entire Weekend as they will be unable to make the necessary change over arrangements.

We have a very helpful lady at Searles called Chloe who is our dedicated contact, her direct number is 01485 536002 and she will sort everything for you. You will need to tell her you are staying for the WASH weekend and she will liaise with us to match your Thursday night home with the remainder of the Weekend.

Could you also let me know when you have booked Thursday accommodation so we can match details with Searles.
